Replacement Float P/N List

Liquid Specific Gravity	Number of Balls	P/N
1.0 and Greater	2	86522
< 1.0 - 0.80	3	86523
< 0.80 - 0.70	4	86524
< 0.70 - .66	5	86525
< 0.66 - 0.60	6	88607

Notes: Make sure the float is installed with the ball labeled 'Top' upwards. The magnet within the top float should be strong enough to pick up a paperclip. Do not place the float near any other magnets.
